

STUDENT MEMORIES OF LIBERTY SCHOOL

In 1997 Liberty School Alumni were asked to write a paragraph or two about some enjoyable experiences at Liberty and some of the impact their teachers had on their lives. The list below goes back many years. This is an opportunity for alumni, teachers, aides, administrators, board members and volunteers to add your memories. On the reverse side of this page are examples that you might find helpful from previous Liberty students. Of course a copy will go in the time capsule for all to read 100 years from now.
